

# Community Support Services

Providing support and help to promote the independence of Deaf People and People with Dual Sensory Loss.

# Community Support Services

Our Community Support Service provides Deaf people and people with Dual Sensory Loss the help they need from a fully Deaf-led Organisation.

## Types of Service

- Community Support, providing one-to-one support to assist with accessing community based services, events and opportunities.
- Home Support Service, providing one to one support and personal care enabling people to carry on living independently in their own homes.
- DeafBlind Communicator Guide Service, providing a specialist support service to people who experience Dual Sensory Loss.

All of our Support Staff are capable users of British Sign Language. Staff working within the specialist DeafBlind Communicator Service are additionally qualified as Level 2 DeafBlind Communicator Guides.
